FOR IMMEDIATE RELEASE

## **The Lisa Project**

### **A Production of The Child Abuse Prevention Council**

#### **Presented by Food 4 Less and Rancho San Miguel Markets**

Beginning Thursday April 1<sup>st</sup> 2010, The Child Abuse Prevention Council will host The Lisa Project, a fully interactive multimedia experience that will take you beyond the headlines and statistics about child abuse. This audio tour and media exhibit will take you on a journey through the lives of San Joaquin children plagued by abuse.

At no other time has anyone had the chance to understand the plight of these children and to experience it through their eyes, their ears and their emotions. The Lisa Project promises to raise awareness through education as you take a child by the hand and listen to their story. Everything you thought you knew about child abuse is about to change.

The Lisa Project will be open every Thursday through Sunday in April and is free to the public with a suggested parental rating of PG-13: Thursdays and Fridays from 5-9pm, Saturdays from 1-9pm and Sundays from 1-5pm. The location is the B & M Building at 125 Bridge Place in downtown Stockton between the Regal Cinemas and The Hotel Stockton. Advanced reservations for groups are available on other days. Please visit [www.thelisaproject.org](http://www.thelisaproject.org) for more information, times and volunteer opportunities.

For more information about The Lisa Project or to schedule an interview please call Gene Hardin at 209.200.4363 or e-mail [gene@thelisaproject.org](mailto:gene@thelisaproject.org)
